We the undersigned residents / taxpayers of the Town of Orange, Connecticut strongly oppose the rezoning of property on Marsh Hill Road to allow construction of a Stew Leonard's Dairy / mega-retail / manufacturing complex. Note: Please list all voting members of your household who wish to sign. You can help even more if you can get some friends to sign.

We are in a battle to preserve the most valuable piece of Light Industrial / Manufacturing property, in the Town of Orange, from turning into a Disneyland Mega-Grocery store and we need your help. Please send donations to: "Save Our Neighborhood". The money will be used to help convey our message and for legal expenses needed to stop this destruction of our Town. Many thanks to those of you who have already made contributions to this cause. Return to:
